

## MINER IS STABBED WITH CANDLESTICK

GLOBE MAN WOUNDED FOUR  
TIMES IN A FIGHT FOLLOWING  
DISPUTE.

GLOBE, Feb. 12.—Wounded in four places, where he was stabbed with a candle stick, John Noh, a Montenegro miner is in a critical condition and there is a possibility of his dying.

The stabbing occurred near the Globe mine shortly after the noon meal. At 2 o'clock yesterday morning and it is said to have been the continuation of a fight which occurred in one of the lower levels of the mine, earlier in the morning. Noh was taken to the Globe hospital, a short time after the fight, and as the result of prompt medical attention he may recover from the effects of his injuries.

Although the county and city officers made a thorough search for Martinevich yesterday, they were unable to locate him and it is believed that he left for Roosevelt on the early morning stage. A man answering to his description was seen to take the stage but at that time it was not known that he was wanted and he was not placed under arrest.

Under Sheriff Frank Haynes informed Deputy Sheriff Frank Cooper of Roosevelt of the affair and Martinevich may have been arrested last night, but as telephone communication could not be had with Cooper last night the local authorities are as yet uninformed as to whether or not he has been placed in custody.

According to a brother of the injured man, trouble had been brewing between the two men for some time, for the reason that Martinevich was attempting to incite the miners to a strike, while Noh opposed this action.

They came to blows in the mine. It is said, but were separated by other miners. When they emerged from the mine the fight was renewed.

The affair was witnessed by a few men, but whether Martinevich started the second fight and stabbed Noh before the latter was able to defend himself, no one seems to know.

Martinevich fled from the scene of the fight and was well out of sight before any attempt was made to arrest him. It was not until nearly daybreak that the officers were informed of the affair and they were at first informed that another man, differing in description from the man who wielded the candle stick, it was several hours before any effective work could be done.

Martinevich is described as being about 5 feet 9 inches in height, weighing about 160 pounds, light complexion, with a reddish and very stubby mustache.

Deputy Marshall Bob Edwards saw a man answering this description board the Roosevelt stage at daybreak, but at that time, he was looking for a man of different appearance and as the result did not arrest him.

Although it was at first believed that Noh, who is sometimes known as Nohedich, would not recover from the wounds, at the Globe hospital last night it was stated that he was resting easily and unless complications set in, he would recover. He is about 24 years of age and has lived in city for only a few months.

### MCNEISH IS BUSY.

County Surveyor Joe McNeish, of Bisbee, spent last night in Douglas. Yesterday he was out at the poor farm site making certain changes in the survey for the location of the building which is to be erected there. The changes are not of material importance but were necessary to give the buildings the best obtainable location upon the tract which the county has purchased for a poor farm.

Mr. McNeish states that he has been busy of late and will be for some time to come in the preparation of a new county map. He states that this map will be about six feet square and will show the new county roads, when the survey of them is completed, railroads, and not only each section and quarter section of land through the county, but even 40-acre, and will have the names of the owners of all patented land in the county. It is impracticable to show ownership of the lands other than patented.

The original map will be of the size mentioned and there will be copies of that size for those who require the large map. It will also be photographed and reduced in size for those who find either no need of so large a map or have not the convenient room for it.

The work is important, takes much time and it will require several weeks if not months before the work is completed to the satisfaction of the county surveyor.

Mr. McNeish returned to his home in Bisbee this afternoon.

A few minutes delay in treating some cases of croup, even the length of time it takes to go for a doctor often proves dangerous. The safest way is to keep Chamberlain's Cough Remedy in the house, and at the first indication of croup give the child a dose. Pleasant to take and always cures. Sold by all Druggists.

## TERRITORIAL BRIEFS

The salaries of the city attorney and the city clerk of Tucson have been raised to \$100 per month each.

Mrs. Myrtle Wagner of Luther, Okla., is making inquiries concerning the whereabouts of her son, Milton Wagner, who she believes to be in Arizona. He is 18 years of age, is over six feet tall and weighs over 200 pounds. When she last heard from him he was employed by the government in a grading camp near Yuma.

The territorial board of control has decided to reject all the bids which had been submitted for the construction of a bridge across the Gila river at Florence on the ground that the figures were too high. The proposals ranging from \$25,000 to \$80,000. It was decided to build the bridge with prison labor under the superintendence of Territorial Engineer Girard, who believes the cost will not exceed \$50,000.

Mort Wien and G. H. Carter of Benson are making arrangements whereby they will secure under lease and bond the LaVanta property in the Yellow stone mountains. There is a fire stamp mill on the property and good ore has been taken out in the past.

Manuel Montecón, a Mexican accused of being in the "white slave" traffic and Luis Flores, the "white slave" were tried before Commissioner O. T. Richey at Tucson upon a complaint made against them by the federal immigration bureau. Both admitted their guilt and were ordered deported to Mexico.

The regular monthly meeting of the Arizona Health league was held at Tucson yesterday afternoon, and after the meeting the board of managers made a visit of inspection to the tent colony adjacent to the city.

A big convention of the Laymen's Missionary society will be held at Phoenix March 4, 5 and 6.

V. C. Soto and F. D. Tully, two young Tucsonians, were arrested Monday morning on a charge of forgery and will be given a preliminary hearing Friday. They tried to cash a check for \$10, purported to be signed by A. Steinfeld Co. and made payable to Tully. The check was pronounced a forgery by Steinfeld.

Hugh Campbell, E. A. Packard, T. E. Pollock and H. C. Lockett, all present or past members of the territorial fair commission, have been selected to act as judges during the aviation meet.

Rev. I. T. Bagnall, rector of Grace Episcopal church of Tucson, has assembled in his apartments a splendid and varied art collection, which is open to the public each day except Sunday and Monday, and the proceeds derived from the 10 cent admission charge are to be donated to the public library.

Bert Ryan, the champion bronco buster, had added another laurel leaf to his wreath of fame by riding "Black Jack," the supposed unconquerable wild horse at the fair grounds at Phoenix last Sunday. Incidentally he won a \$200 bet which the owner had made that the horse could not be ridden.

Mrs. Martha McFall, a pioneer resident of the Salt River valley, died Monday at her home in Phoenix.

The annual report of the city clerk of Tucson shows the gross value of all city property is \$851,808.

Operations on the Cash mine in the Hassayampa district will be resumed at once by the Cash Mining company who purchased the property several years ago from David Grubb, a pioneer of the district.

The farmers of Skull valley are cultivating more land for this spring planting than any time since the settlement of the valley.

Engineer W. P. Bullock of Kansas City has agreed to furnish plans for the proposed sewer system at Nogales, and to deliver them to the city without any cost or liability to the municipality.

The new Prescott Electric company's plant at Prescott has been connected with the Arizona Power company's works on Fossil Creek, and a new and very satisfactory era in power and lighting for the city has been established.

### TRANSVAAL.

(Douglas International.) A party of stockholders and directors in the Transvaal Mining company arrived this morning from Cincinnati and left this afternoon for the purpose of visiting the property owned by that company near Campes, Sonora. In this party were L. G. Cloud, Wm. Pohl, W. J. Williams, Frank Williams and Theodore Foucar.

These gentlemen will make a thorough examination of the Transvaal holdings during their visit and will be at the mines and at Campes, where the smelter is located, for several days. There is no special significance in their visit, further than a desire to gain information concerning the future, according to one of the party.

If troubled with indigestion, constipation, no appetite or feel bilious, give Chamberlain's Stomach and Liver Tablets a trial and you will be pleased with the result. These tablets invigorate the stomach and liver and strengthen the digestion. Sold by all Druggists.

## FORMER ARIZONA TEACHER ADVANCES

TUCSON, Feb. 12.—The friends of Professor James William Tuomey, formerly the professor of Botany at the University of Arizona, and Director of the Government Experimental station will be pleased to learn of his advancement to the Directorship of the Forest School at Yale university to fill the chair made vacant by the appointment of Dr. Wm. H. Graves to be chief of the Bureau of Forestry at Washington to succeed Gifford Pinchot who was recently removed by President Taft.

Dr. Tuomey occupied the chair of botany in the University here from 1891 until 1900 and at the same time was Director of the Experimental station here. In 1900 he was called by Yale to a chair in that famous University's school of Forestry where he has been a Professor in botany until his recent elevation to the head of this important school.

Dr. Tuomey is a man of international prominence as a natural scientist and his promotion will be welcomed by his many friends here as a well deserved tribute to his scholarly attainments.

# Tomorrow's Skirt Bargains

The Sharp Reductions will Cause Sensational Selling Here This Week. Prices Half the Usual Valuations or Less

For this week we have instituted a gigantic Skirt clearance Sale, the like of which has never been seen in Bisbee. Every skirt now in stock, [comprising about 150 of this season's newest and best styles] positively must go—and to make them go at once we have put them on racks and marked them at really absurd prices. But then you know, "The Fair" never does things by halves, and we are sure these little prices will move these skirts this week, to the very last one.

Watch this department for sensational selling. Of course you can understand that at these prices there will be no returning, exchanging or alterations, and none will be sent on approval or C. O. D. So, be on hand at the opening of the doors tomorrow morning and make your selection while the assortment is complete.

**\$4.95** for choice of 37 Skirts worth \$7.50 up to \$8.50

Read the headline again. (\$4.95 for skirts worth \$7.50 to \$8.50). It really sounds too remarkable to be true, but it's an absolute fact, we're going to force a clean-up of these winking skirts by lowering the price. Some 37 in this assortment. Naturally there's a loss, but we would rather take the loss now than carry the skirts over to another season. These skirts are made of Panama cloth, Mohair, and Voiles in Blue, Black and Brown, a few novelty Worsteles in the collection. They're all new plaited models that fit perfectly and hang gracefully. Garments that are good value at the regular prices \$7.50, \$8.00 and \$8.50, your choice for \$4.95

**49 Skirts**  
The Season's Best Styles  
Worth regularly \$10 to \$12.50  
Choice **\$6.75**

**62 Skirts**  
All New Plaited Styles  
Worth regularly \$13.50 to \$15  
Choice **\$8.45**

The wealth of new spring merchandise that has been knocking at the door steadily for the past two weeks demand instant action. We must have every bit of available display space, consequently these beautiful SKIRTS ARE SACRIFICED at a price representing a MERE FRACTION of real worth.

The skirts in this lot number about 62. They're made of fine French Voiles, Clifton Panama and Serges in black, blue and brown, plain gray and striped worsteds and novelty materials. If we were able to put before you the skirts in all their beauty of style, and call attention to the richness of fabrics and colors, you'd immediately note the clever workmanship that can be found only in garments of such high character, choice \$13.50 to \$15.00 skirts for \$8.45

## Underskirts

**\$8.95**  
Worth \$12.50 up to \$15.00

The most fastidious will not be able to look carefully through this assortment without finding something to strike her fancy and the price being so low is one of the points she will appreciate. It is a great collection of splendid styles and quantities—Just such underskirts as you are always glad to own. Made of a splendid quality soft Taffeta silk in all the wanted plain colors and black. \$11.50 to \$15.00 values at **\$8.95**

## The Undermuslin Sale

The skirt sale is a big thing, but don't let it cause you to overlook the IMPORTANCE OF THE UNDERMUSLIN OFFERINGS. Delayed shipments received the past week have been used to fill in the gaps and low places as a result of the heavy selling, and tomorrow begins the third week of the muslin underwear sale with varieties and economies equally as good as prevailed at the inception of this event.
